

## Fame

He wrote a song  
He thought it was good  
He recorded it  
He thought it was good  
He produced it  
He thought it was good  
He released it online  
They thought it was good  
His name became known  
He dominated the underworld  
He thought that was good  
He released another song  
They thought it was good  
He was on the radio  
**They** thought it was good  
He got a record deal  
He began making money  
He thought that was good  
He left the house  
*They* thought that was good  
He went to college  
He wrote songs  
He studied  
He recorded songs  
He studied  
He produced songs  
He studied  
He made money

He still studied  
**They** asked him to go on tour  
He went on tour  
He made money  
He wrote songs  
He made money  
He studied  
He made money  
He sang  
He made money  
He went on TV  
He made money  
He dropped out  
He made money  
*They* disapproved  
He made money  
He didn't know how he felt anymore  
He loved what he did  
He hated what he did  
He loved them  
He hated them  
**They** loved him  
He hated **them**  
*They* hated him  
He loved *them*  
He made money  
He was numb  
He had a void  
He needed it to be filled  
He auditioned

They loved him  
He was happy  
He now acts  
He writes songs  
He cries  
He is on TV  
He cries  
He makes money  
They love him  
He hates him  
They adore him  
He hates him  
He makes money  
He has a void  
He wants it filled  
He has sorrow  
He wants it out  
He lacks joy  
He makes money  
He has 5 houses  
He hasn't been to 4 of them  
He wonders what he wanted  
He wants to remember why he did this  
He had a void before, but it has grown after all of these years  
He wants connection  
He never had that  
He has everything  
He still wants  
He still needs  
He still feels

He still fades  
He still hates  
He still loves  
He still wants  
He needs connection  
He is known by everyone  
He doesn't care  
He is loved by everyone  
He doesn't notice  
He is adored by everyone  
He doesn't see  
He eats sleeps and breathes money  
He can't find what he's looking for  
He is tired  
He is finished  
He is gone!
