There once was a young adult named Kyle Hood. He lived in a town called Flapperjackmaster, NorthWest County, California. He had wavy black hair and dark, deep blue eyes. He loved listening to punk, rock, and heavy metal music. He also wore lots of dark colored makeup. I guess you could say he was gothic. Kyle can sing like a pop star but he likes to hide it and only sing to himself. He also writes his own songs. Plus he can play any sport you can think of to the very best of his ability, and he can play any instrument to the very best of his ability too. He keeps these talents hidden. Kyle's parents are very poor, and they are cruel to him.

One day there was a beautiful blond girl named Flam-Fire Volcano who was new to Kyle's town. She was from Kansas City, Kansas. She had lots of colorful highlights in her hair. She wore lots of colorful clothes. Flame-Fire wore lots of diamond earrings. You could say that she was rich. Plus she could also sing like a pop and country star. She listened to pop and country music. She was very good at cheerleading too. You could say that Kyle and Flame-Fire

were very similar but in some ways they were still opposites. Flame-Fire wore colorful make up. They both also played tons of video games. Flame-Fire will soon be going to Kyle's school. Flame-Fire did not know who her mother was. Her father was very mean and cruel to her.

But let's start the story of how these two meet, shall we.

The day started at school when the teacher was saying there was going to be a new student in the homeroom starting tomorrow, "Tomorrow there will be a new student in class. You will find out if it is a boy or a girl in class tomorrow. I will introduce him or her tomorrow. Now get on reading your books." The teacher, Mrs. Krybocoastan was wearing her dirty blond hair up in a bun, had some dark green glasses to match her eyes and had a nice work suit on that day. Plus she was wearing some gray low heels to match her clothing. As the teacher said to do so, all the kids including Kyle read all their books. Kyle read his favorite series of all either called the Vampire Academy or Vampire Diaries. He loved Vampire books or TV Shows because vampires were usually gothic and always trying to hide everything about them like he

always was. As homeroom was the last class in Flapperjackmaster High School, school was about to be over. The Flapperjackmaster High School was a combined school for junior high students and high school students together.

Forty-five minutes later the bell rings, and the teacher says, "Class dismissed. But remember tomorrow that the new student is going to be here so be on your best behavior and we are going to do something to tell the new student about us, ok? Good bye, have a great day ya'll." Mrs. Krybocoastan was also from the south but just moved here.

As soon as class is dismissed and school is over, Kyle's best friend Alex comes and says, "Hey did you know there was going to be a new kid coming to our school? I wonder who it is. Maybe we will be able to meet this new person in our neighborhood." Alex had dark brown straight hair over his face, some gothic make up and some black gothic clothes.

"Yeah, I mean you live across from me and my mom says

tomorrow on my dad's birthday in that mansion that is next door, we are getting a new family, with a new girl that is 2 years younger than me. Plus a boy, who is just our age," said Kyle.

"That is sweet we might get a new friend. That is so cool. I hope they are gothic like us," hoped Alex.

"Yea, me too," agreed Kyle. Kyle really wanted a girl to like him enough to be his girlfriend. But he never got the chance. So now he might get one, he thought.

So Kyle rode the bus home, and once he got home he saw the new family in the drive way moving into their new house. He thought the girl he saw was really beautiful. She was in a hot pink tank top with jean shorts and diamond earrings and six inch high heels. She had blond hair with pink, dark blue, orange, purple, and red highlights. She had an iPhone 6 in her pocket. Who knew they even came out yet? She was on Facebook on her iPad which was being held in both of her hands. She was listening to music on her iPhone 6. She was listening to Eminem and other rappers, pop and country singers.

When Kyle got off the bus he saw his mom talking to the dad of the girl and went over to the girl to introduce himself to her. She saw him standing there and said "Hello."

"Hello, my name is Kyle Hood. What is yours?" Kyle asked the new girl on the block politely.

"My name is Flame-Fire Volcano. Nice to meet you, Kyle Hood. What school do you go to?" asked Flame-Fire Volcano.

"I go to Flapperjackmaster High School." Answered Kyle.
"What school are you going to miss new girl?"

"I am going to Flapperjackmaster High School too."
Answered Flame-Fire.

"Cool since we are going to the same school maybe well gets to hangout sometime." Kyle said.

"Yea that would be great, especially since I just moved

here I really would like some new friends. All my old friends in Kansas City said that Flapperjackmaster was the smallest and stupidest town in California." said Flame-Fire.

"Well it's not, I promise." Kyle promised.

"That is what I said. This is the town my mom grew up in and met my dad. And then I said none of them had been to this place. Then they all went quiet. So I knew they were wrong. Plus by then I also knew that they had never been to California," said Flame-Fire.

Five minutes later Flame-Fire's brother Nathan came around the corner and saw a gothic boy talking to his little sister. Nathan was strong and powerful. Back in Kansas City he was known for bullying people and beating up any boy who came near his little sister. He had brown hair and deep brown eyes. He looked just like his dad you could say. And you could also say that Flame-Fire looked just like her mother. So when he saw his little sister talking to this gothic boy he came up to his little sister and said "Hey sis, Father needs your help putting

stuff in your room please."

"Uh, ok. Talk to you when you get back, ok Kyle?" After she said that she winked at Kyle.

Since Nathan's sister was gone, he decided to have a little chat with this so-called Kyle, "Hey you, now you listen to me. You better stay as far away from my little sister as possible, ok? Because I am the only guy that can be near her, ok? That is what our father says. So you better stay the hell away from her. You got that?"

And as Nathan was saying this Kyle was taking in some gulps really bad because he did not want to be away from her and did not want to get bullied. "Um ok. I will do my best, sir."

And as soon as he said Nathan left and Flame-Fire Volcano came back.

"Oh! You look scared. Did my brother Nathan talk to you? Damn him. He always tries to make sure I have no guy friends. And then to scare them away he bullies them. I

really hate it when he does that. I bet my father put him up to all this. Damn him too. You know what he is? A jerk sometimes. He can be very cruel to me. I don't like it. I bet it has been going on since my mother died, which was when I three-months old. So I don't know much about her," said Flame-Fire.

"Really? My mom and dad are very cruel to me, too." said Kyle.

"Yea," said Flame-Fire.

"Yea," said Kyle.

"Well do you like to play video games, Kyle?" asked Flame-Fire.

"Yea I do. Do you?" asked and answered Kyle.

"Well, let's see, I love to play mature games, Pokémon, Yu-gi-oh, The Sims, any game that has violence in it and any game that is action or has blood in it or zombie games. What about you?" asked Flame-Fire.

"The same here."

As soon as Kyle answered that question, Kyle's mom said, "Dear! Time for dinner!" They always had oatmeal because they couldn't afford any other meal.

"Oh there's my mom calling me for dinner. I have to go now. Good bye." Kyle said good bye to Flame-Fire.

"Well, good bye to you too, Kyle." Flame-Fire said good bye to Kyle. "Well that young man Kyle seems pretty cute, and handsome. We seem to have a lot in common. I wonder if he likes me, too. Maybe I should ask him out, maybe I shouldn't. Hmm. I wonder what I should do. I never felt this way before. I know I only like gothic guys. All the other guys who have tried to ask me out have been normal. But this one is different I can tell, not just because he is gothic but there is more. Hmm. I know I have never dated a guy before. But maybe I should wait. You know what? That is what I am going to do." Flame-Fire thought very hard, but always came up with the same conclusion. So she stayed with "Let's just be friends and

see if he likes me. Then I will ask him out."

"Well that young girl Flame-Fire seems pretty cute, and beautiful. We seem to have a lot in common. I wonder if she likes me, too. Maybe I should ask her out, maybe I shouldn't. Hmm. I wonder what I should do. I never felt this way before. I know I only like so many different types of girls. All the other girls I have tried to ask out have been normal or other types. But this one is different I can tell, not just because she is girly but there is more. Hmm. I know I have never dated a girl before, but maybe I should wait. You know what? That is what I am going to do. And she cusses too. Sexy." Kyle thought very hard, but always came up with the same conclusion. So he stayed with "Let's just be friends and see if she likes me. Then I will ask her out."

And so they stayed friends, but did not know they were going to be in the same homeroom together.

2

The next day Kyle woke up happy as can be. He had a smiling on his face. He went straight down to dinner to have some oatmeal. He saw his mom, dad, twin sister Alina, little sister Kora, her twin brother Horan, his baby sister Cali, and her twin brother who was also his baby brother Mason. Kyle's dad had black shiny hair and wore gothic makeup and gothic clothes. Kyle's mom had red hair and gothic makeup and gothic clothes. Kyle's twin sister, Alina, had black hair like him and gothic makeup and wore gothic cloths. Kyle's little sister, Kora, had red hair and wore gothic cloths and gothic makeup. Kyle's little brother, Horan, looked and dressed just like his twin sister. Kyle's baby sister, Cali, had half red hair and half black hair, she had gothic make up and gothic cloths on. Kyle's baby brother had looked and dressed the same. Kyle and his twin sister were in high school in 10th grade the same with Flame-Fire. Kyle's little siblings were in 6th grade in middle school in the same school that he went to. And Kyle's baby sister and baby brother were in preschool.

So after talking to his family and eating with them Kyle got on the bus and rode to the Flapperjackmaster High School. He saw Flame-Fire go into his classroom too. It turned out that they had the same classes all throughout the school day and year. They quickly became friends. They kept on learning more and more about each other.

But Nathan was always watching and keeping an eye on Kyle making sure he wasn't flirting with his sister. If Kyle was then he was going to get a wuppen on his own behalf.

But it was really Nathan's sister, Flame-Fire, who was flirting with Kyle. Kyle didn't know how to flirt or what exactly was flirting. But neither did Nathan, so Nathan thought that Kyle was always flirting with his sister. So Nathan kept a close eye on Kyle as always, but Kyle never knew.

So every day at school, Kyle helped Flame-Fire with her school work since it was much harder than in Kansas City. She always asked him questions in a flirty way like "What does this mean?" and "Can you help me with this?" or "I

feel so confused about this, can you please help me Kyle Hood?" she never asked anyone else for help not one single person. Not even the teacher.

Even though the school year just started this school always each semester had a talent show to see who was the best at showing their skills, which two teams won this school got to go to the state championships and then the region champion ships, and then west and east side champs, and then nationwide champs. Whoever won the nation champs got to go to Hollywood and meet every famous person known to mankind and became famous? So the flyers were up. Kyle and Flame-Fire saw them and wondered what to do.

So when Kyle saw Flame-Fire leaving homeroom he asked her "Will you do the First Semester talent show with me?"

"Um... Sure but Why do you want to do it with me I know I am a horrible singer. And I never heard you sing before either."

"No you are not I have heard you sing in the shower across from my window. And to tell you the truth I can sing like a pop star or any singer I want to. It just I sing to myself. And I just never told anybody. I have always hidden that talent from the world."

"Wow really then let me hear you sing."

"Ok but only at my house ok in my room. I will sing Remind Me by Brad Paisley Duet with Carrie Underwood ok. And you have to sing the Carrie underwood part ok."

"Ok"

So when they got to Kyle's house they both went up to Kyle's room and Kyle got out the lyrics to Remind Me by Brad Paisley Duet with Carrie Underwood. And they both started to sing.

"We didn't care if people stared

We'd make out in a crowd somewhere

Somebody'd tell us to get a room

It's hard to believe that was me and you

Now we keep saying that we're okay

But I don't want to settle for good, not great

I Miss the way that it felt back then

I wanna feel that way again

Been so long, bet you forget

The way I used to kiss your neck"

"Remind me, remind me"

"So on fire, so in love

Way back when we couldn't get enough"

"Remind me, remind me

Remember the airport, dropping me off

We were kissing goodbye and we couldn't stop"

"And I felt bad because you missed your flight"

They both sing this: "But that meant we had one more night"

"Do you remember how it used to be?"

We'd turn out the lights and we didn't just sleep"

They both sing this: "Remind me, Baby, remind me"

"Oh, so on fire, so in love

That look in your eyes that I miss so much

Remind me, baby remind me"

"I wanna feel that way"

"Yeah I wanna hold you close"

They both sing these:

"Oh, if you still love me

Don't just assume I know"

"Oh baby, remind me

Remind me

Do you remember the way it felt"

"You mean back when we couldn't control ourselves"

They both say this: "Remind me, yeah remind me"

"All those things that you used to do

That made me fall in love with you

Remind me, oh baby, remind me"

"Yeah, you'd wake up in my old t-shirt

All those mornings I was late for work"

"Remind me, oh baby, remind me, yeah

Oh baby, remind me

Baby, remind me, yeah, oh"

"(Yeah you wake up in my old t-shirt)"

"Baby, remind me"

After the singing ended Flame-Fire said "Wow you do have a nice singing voice.

And then Kyle said "Thanks." And started kissing Flame-Fire on her red lips.

After five minutes of kissing Kyle pushed away. He said

"Sorry about that. I didn't mean to do that, I swear. I was just caught up in the moment you know."

"No, it's ok I actually liked that. To tell you the truth I never really had my first kiss."

"Really I never had my first kiss eather." He really wanted to ask her out now. "I guess we both have had our first kiss now. Hey Flame-Fire."

"Yes Kyle."

"May I ask you a question?"

"Sure."

"Will you go out with me?"

"Yes I will. I sorta have been waiting for you to ask me that question for a quite a while. But you might have to ask my father for permission to go out with me ok he is very strict."

"Ok I will ask your father."

3

So the next day which was a Saturday Kyle decided to sing one of his favorite songs just a little bit differently to ask the father of Flame-Fire to go out with her.

"Saturday morning, jumped out of bed

And put on my best t-shirt and jeans

Got in my car and like a jet

All the way to you knocked on you're with heart in my hand

To ask you a question

'Cause your daughter wanted me to ask

Can I date your daughter for now?

Say yes, say yes

'Cause your daughter wanted me to ask

You say I'll "never get to date your daughter till the day I die"

"Tough luck, my friend, 'but the answer is no!"

"Why you gotta be so rude?"

Don't you know I'm human too?

I'm gonna date her anyway

Date that girl

Date her anyway

Date that girl

Yeah, no matter what you say

Date that girl

And we'll be in a relationship

Why you gotta be so rude?

I hate to do this, you leave no choice

I can't flirt without her

Love me or hate me we will be boys

Standing at that altar

Or we will run away

To another galaxy you know

You know she likes me

She will go anywhere I go

Can I date your daughter for now?

Say yes, say yes

'Cause your daughter wanted me to ask

You say I'll "never get to date your daughter till the day I die"

"Tough luck, my friend, 'cause the answer's still no!"

"Why you gotta be so rude?"

Don't you know I'm human too?

I'm gonna date her anyway

Date that girl

Date her anyway

Date that girl

No matter what you say

Date that girl

And we'll be in a relationship

Why you gotta be so rude?

Can I date your daughter for now?

Say yes, Say yes

'Cause your daughter wanted me to ask

You say I'll "never get to date your daughter till the day I die"

"Tough luck my friend but no still means no!"

"Why you gotta be so rude?"

Don't you know I'm human too?

I'm gonna date her anyway

Date that girl

Date her anyway

Date that girl

No matter what you say

Date that girl

And we'll be in a relationship

Why you gotta be so rude?

Why you gotta be so rude?

Why you gotta be so rude?

Soon after talking with Flame-Fire's father she came down and talked to Kyle. "Did you get permission from my father."

"No he was completely not listening to me. He was being rude to me and stuff."

"Damn him."

"I know right dammit too. I so wish your father would let us. Dammit. This is so damn stupid."

"Wow I didn't know you cussed."

"Yeah all gothic teenagers cuss."

"Wow, ok now I will remember that."

"So how are we going to date without your father's permission?"

"I guess we could pretend to be friends around him and be dating secretly. But we should also practice for the talent show competition. I so hope we win. Each time we go on to the next challenge we have to sing a different song. Then finally at last we have to write our own song."

"Ok, but how are we going to do that?"

"That is a good question." She was thinking. "I guess we

will have to figure it out."

"I wonder what songs are we going to sing in the competition."

"Me too."

"Hey I know my father doesn't want us to date but is your parents ok with us dating?"

"Yea. I have told them about you being my friend and me having a huge crush on you for a very long time. And they seem to think it is ok."

"Few."

"They know you and stuff. And they know you cuss. And they have always knew that I was different. So they are ok with it."

"Ok that is good."

"But they don't like that I like to sing and stuff. And they

think because of it I will never become a singer."

"Ahh. My dad is the same way."

"Hey all I hear about is your dad and not your mom. Who is your mom and what happened to her?"

"Oh, Umm... my mom is.... Well... I don't know really she died or something when I was very young. That is all my dad tells me. And I don't know that much about her."

"Oh I am sorry I didn't know. I didn't mean to upset you. I just wanted to know because I was just curious. I am so sorry."

"No it's ok. It doesn't bug at all. It would only bug my dad. It's the one thing that triggers him into doing stuff to me and stuff."

"What do you mean that it triggers him into doing stuff to you and other things."

"Let's just not talk about it anymore ok."

"Ok but you know if you ever want to talk to me about anything you always can."

"I know I can it's just this one thing I don't feel like talking about."

Then after that Flame-Fire's father called her for dinner and saw her with the boy that she was not supposed to be talking to.

"Coming father. Bye Kyle I have to go eat dinner."

"Bye Flame-Fire." Kyle was beginning to wonder if Flame-Fire was getting abused by her own father.

After coming into the big mansion Flame-Fire's father said "WHAT WERE YOU DOING WITH THAT GOTHIC BOY? YOU KNOW YOUR NOT SUPPOSE TO BE WITH HIM! ARE YOU DATEING HIM YOUNG LADY!"

"No father I am not dating him. And will stop protecting me. I can take care of myself! And just because you miss

mom doesn't mean you can stop me from falling in love too!"

After Flame-Fire said what she said she got thrown up against the wall, hit, cussed at and beer bottles thrown at.

"Please stop this father just stop. I promise I won't mention you know who again please."

"Ok fine I will stop as long as you keep that promise. And you better not tell anybody about this you hear me. Not even that gothic guy."

"Ok I won't father as long as you stop hurting me."

4

The next day Kyle kept on kissing up a storm with Flame-fire during free time. Tonight was the talent show tryouts. But Kyle and Flame-Fire haven't even practiced they just have been making out at his house all weekend and yesterday.

"I hope we get let in to the Talent show. Babe I love you so much."

"I know you do baby. I hope so to baby." Flame-Fire said.

Then the school day ended because that was homeroom. And Kyle saw his best friend Alex. Now that Flame-Fire was a cheerleader he had a lot of time to hang out with his old best friend. He said good bye to her and gave her a good bye kiss and she gave him a good bye kiss on the cheek and Alex saw that they were flirting and thought that Kyle was changing and that he was dating the captain of the cheerleading squad, and that he was becoming popular and will soon join the football team and

soon other sports. He really wanted to ask his best friend some questions and tease him.

"Hey Alex, how are you?"

"Hey good, you?"

"Yea, Excellent I love my new girlfriend. She is so nice to me and she is so kind and she is beautiful."

"Yea, aren't you not supposed to be dating her? Are you going to still be gothic and not turn into a popular? I hope you don't do the talent show? I also hope that you don't start doing sports too?"

"Yea so why do you care and how do you know about that any way? And I might go into the talent show. And I might be changing a little but that doesn't mean I will stop being gothic, I am still being gothic. And you know what I am going to do sports. Who cares what you think."

"I know because I heard you talking to her father and I just don't want you getting hurt. Ok."

"You know what? I think you are jealous."

"No I am not and who cares if I am. What will happen to you if you become famous and I am not there for you but she is huh?"

"I don't know."

"Well I am through with this nonsense. See yah, Kyle. If you ever want to talk to me when it is the real you, you know where to find me."

5

After the fight between Kyle and Alex the talent show was about to start. First up was Kyle and Flame-Fire.

"Wow I didn't know you would be joining us this year with our newest student Kyle. And what is your name young lady?"

"Yea, I know."

"My name is Flame-Fire Volcano."

"Ok what song are you guys going to sing for this talent show?"

"We are both going to sing together Remind me By Brad Paisley Duet with Carrie Underwood."

"Ok. You may start."

"Ok um... Ready baby."

"Yes."

"We didn't care if people stared

"Baby, remind me"

"That was excellent nice job who knew you two could

sing. Well welcome to the talent show."

"Yes. We are in." They both say.

"To tell you two the truth I haved never had favorites as a judge but I really hope you two win."

6

So the next day's went by and they kept on practicing. But they also wanted to pick their next songs for the next compition just to get started. So for the second compition they decided to sing let me go by Avril Lavigne and her husband Chad Kroeger. Then they decided just for the kids as for the next and third song they would do Love is an Open door from Frozen by Kristen Bell and Santino Fontana. Then for their fourth song they will sing Broken by Seether and Amy Lee. Then along the way they will write their own song, for the final round.

"Now let's practice some more ok babe."

"Ok."

"Ready?"

"Ready."

"We didn't care if people stared

"OK, but we will after this one practice session. I just want to make sure it is good enough."

"Ok. But I feel like we have been practicing for hours."

"I know babe but we are about done ok. Just one more."

"Ok, Fine."

"Ready?"

"Ready."

"Nice job babe."

"Thanks."

After that they were making up a storm in outside
Kyle's house.

"Boy you are such a good kisser."

"So are you." Kyle wanted to start practicing the next
song then the next. "Can we please start practicing the

next songs? Please babe."

"Sure, a few more practices wouldn't hurt."

"Ok ready?"

"Yes."

"You start."

"Love that once hung on the wall

Used to mean something, but now it means nothing

The echoes are gone in the hall

But I still remember the pain of December

Oh there isn't one thing left you could say

I'm sorry it's too late"

They both sing this:

"I'm breaking free from these memories

Got to let it go, just let it go"

"You came back to find I was gone

And that place is empty

Like the hole that was left in me

Like we were nothing at all

It's not what you meant to me

Thought we were meant to be

Oh, there isn't one thing left you say"

They both sing this:

"I'm sorry it's too late"

"I'm breaking free from these memories

Got to let it go, just let it go

I've said goodbye

Set it all on fire

Got to let it go, just let it go

I let it go"

"(And now I know)"

"A brand new life"

"(Is down this road)"

"And when it's right"

"(You always know)"

"So this time"

"(I won't let go)"

"There's only one thing left here to say

Love's never too late

I've broken free from those memories

I've let it go, I've let it go

And two goodbyes

Led to this new life

Don't let me go, don't let me go

Oh

Oh

Oh

Don't let me go

Don't let me go

Don't let me go

Don't let me go

Won't let you go, don't let me go"

"Nice that was excellent babe as a team I think we will win and become famous!"

"Me too."

"Now let's practice the next one shall we?"

"Yes we shall."

"Okay, can I just say something crazy?"

"I love crazy!"

"All my life has been a series of doors in my face

and then suddenly I bump into you"

"I was thinking the same thing! 'Cause like

I've been searching my whole life to find my own place

And maybe it's the party talking or the chocolate fondue"

"But with you"

"But with you"

"I found my place"

"I see your face"

"And it's nothing like I've ever known before"

"Love is an open door"

"Love is an open door"

"Love is an open door"

"With you"

"With you"

"With you"

'With you"

"Love is an open door"

"I mean it's crazy"

"What?"

"We finish each other's-"

"Sandwiches!"

"That's what I was gonna say!"

"I've never met someone"

"Who thinks so much like me"

"Jinx! Jinx again!"

"Our mental synchronization"

"Can have but one explanation"

"You and I were just"

"Meant to be"

"Say goodbye"

"Say goodbye"

"To the pain of the past"

"We don't have to feel it any more"

"Love is an open door"

"Love is an open door"

"Life can be so much more

"With you"

"With you"

"With you"

"With you"

"Love is an open door"

"Next song is Broken. So let's sing. Ok."

"Ok."

"Ready."

"Ready."

"I wanted you to know I love the way you laugh

I wanna hold you high and steal your pain away

I keep your photograph and I know it serves me well

I wanna hold you high and steal your pain"

They both sing this:

"Cause I'm broken when I'm lonesome

And I don't feel right when you're gone away"

"You've gone away

You don't feel me here anymore"

"The worst is over now and we can breathe again

I wanna hold you high and you steal my pain away

There's so much left to learn, and no one left to fight

I wanna hold you high and steal your pain"

They both sing this:

"'Cause I'm broken when I'm open

And I don't feel like I am strong enough

'Cause I'm broken when I'm lonesome

And I don't feel right when you're gone away

'Cause I'm broken when I'm open

And I don't feel like I am strong enough

'Cause I'm broken when I'm lonesome

And I don't feel right when you're gone away

'Cause I'm broken when I'm lonesome

And I don't feel right when you're gone

You've gone away

You don't feel me here anymore"

"That was awesome I can't wait tell the talent show
compition."

"Yea me eather."

"You know what babe?"

"What?"

"I can't wait to kiss you when we win the whole entire
compition and be sent away to Hollywood."

"Really."

So weeks went by and the talent show was getting close. Flame-Fire was getting tired of practicing and wanted more other stuff. She was so sick of it. But Kyle would just keep on letting them practice for the talent show just so her father doesn't find out what is going on between the two of them and find out that they are dating. But obviously she doesn't understand that. She just thinks that he just wants to keep doing this to make sure they win, and she wants to just do it not just for winning but being with her boyfriend. This is the same thing that Kyle wants. But she doesn't think that.

"Why do you keep pushing me to keep practicing?"

"Because I want us to stay together and I don't want your dad finding out that we are dating."

"Oh really than why are you making me do this every damn day? I hope you know I am getting sick and tired of this? This crap is making me feel like you just want to do this to win and not be with me."

"No I am not my darling. I know you are. Ok. I am getting sick and tired of this damn stuff two. But we need to do this in order to make sure your father doesn't find out we are dating and in order to win."

"I knew it! You know what? I am done, I will do this alone. Go to hell!"

"Wait baby stop! Don't leave."

"You know what we are through."

Then the night past and Kyle had sang a song to help himself get over Flame-Fire. His own version of the song of Let it go. And it was also winter and there was snow on the ground.

"The snow glows white on the ground tonight

Not a footprint to be seen

A Kingdom of Isolation

And it looks like I'm the king

The wind is howling like this swirling storm inside

Couldn't keep the sadness in, heaven knows I've tried

Don't let them in, don't let them see

Be the good boy you always have to be

Conceal, don't feel, and don't let them know

Well, now she knows

Let her go, let her go

Can't hold her back anymore

Let her go, let her go

Turn away and kick the door

I don't care who she is going to tell

Let myself cry

The sadness never bothered me anyway.

It's funny how some distance makes everything seem
different

But the fears that once controlled me can't get to me
at all

It's time to see what I can sing

To test the high notes and break glass

No right no wrong a rules for me

I'm free

Let her go, let her go

I am one with the wind and sky

Let her go, let her go

You'll never see me cry

Here I stand and here I stay

Let her be mad

My singing voice can break glass as high as the ceiling

My lungs can survive the highest water's deepest flood

I'm never going back to her; the past is in the past

Let her go, let her go

And I will rise like the break of don

Let her go, let her go

That gothic guy is gone

Here I stand in the light of day

Let her be mad

The sadness never bothered me anyway"

8

After all, that singing and fighting that went on between the two past love birds. It was time for the talent show to begin. Flame-Fire was there but was Kyle.

Kyle was getting ready thinking about what cloths to put on. He thought of a tux then he decided of a cowboy outfit. He put on some jeans, buttoned up t-shirt, a pair of cowboy boots and a cowboy hat. But no makeup.

In the meantime Flame-Fire was wearing the same dress that Carrie underwood wore and the same makeup and the same high heels.

Then like in a flash Kyle was there in a flash standing right next to Flame-Fire.

"Hey there you are where you were? How did you get here so quick? We are about to go on. I am so sorry for what I said last night. I was just starting some girl problems."

"No. Its ok it was mostly my fault for making you do

that. And let me guess your period."

"Yes how did you know?"

"Just a guess. So does this mean we are back together?"

"Yes. I guess so."

Five minutes later they called Flame-Fire and Kyle up to perform.

"Are you guys ready?"

"Ready baby?"

"Ready."

"We didn't care if people stared

We'd make out in a crowd somewhere

Somebody'd tell us to get a room

It's hard to believe that was me and you

Now we keep saying that we're okay

But I don't want to settle for good, not great

I Miss the way that it felt back then

I wanna feel that way again

Been so long, bet you forget

The way I used to kiss your neck"

"Remind me, remind me"

"So on fire, so in love

Way back when we couldn't get enough"

"Remind me, remind me

Remember the airport, dropping me off

We were kissing goodbye and we couldn't stop"

"And I felt bad because you missed your flight"

They both sing this: "But that meant we had one more night"

"Do you remember how it used to be?"

We'd turn out the lights and we didn't just sleep"

They both sing this: "Remind me, Baby, remind me"

"Oh, so on fire, so in love

That look in your eyes that I miss so much

Remind me, baby remind me"

"I wanna feel that way"

"Yeah I wanna hold you close"

They both sing these:

"Oh, if you still love me

Don't just assume I know"

"Oh baby, remind me

Remind me

Do you remember the way it felt"

"You mean back when we couldn't control ourselves"

They both say this: "Remind me, yeah remind me"

"All those things that you used to do

That made me fall in love with you

Remind me, oh baby, remind me"

"Yeah, you'd wake up in my old t-shirt

All those mornings I was late for work"

"Remind me, oh baby, remind me, yeah

Oh baby, remind me

Baby, remind me, yeah, oh"

"(Yeah you wake up in my old t-shirt)"

"Baby, remind me"

"Nice lets practice one more time."

"Ok but I am getting sick of practicing I just want to make out ok."

"OK, but we will after this one practice session. I just want to make sure it is good enough."

"Ok. But I feel like we have been practicing for hours."

"I know babe but we are about done ok. Just one more."

"Ok, Fine."

"Ready?"

"Ready."

"We didn't care if people stared

We'd make out in a crowd somewhere

Somebody'd tell us to get a room

It's hard to believe that was me and you

Now we keep saying that we're okay

"(Yeah you wake up in my old t-shirt)"

"Baby, remind me"

After that Kyle and Flame-Fire were the last ones to sing or perform their act.

"The judges have decide every one and the three finalist who will move on to the state championship will be Ashley Bugenstan and her partner Steve Hashburg, Sterling Sterlin and his brother Steven Sterlin, and our last but not least is..... Flame-Fire Volcano and Kyle Hood.

"Yay were one of the finalist, we made it. We are going to move on to the state championships."

"Congratulations! State Finalist! You Will Be Moving On To The State Championships Which Are Held in

Sacramento, California. Good Luck To You All And I Hope You Have A Great Day. Oh, Just One More Thing We Will Be Sending Out A Letter For Your Parents To Sign So You Can Be Going To Sacramento, California. So Good Luck To You All, And Have A Good Night And Future! Oh And One More Thing! We Will be Sending These Saying Who You Will Be Singing With And Where You Will Be Going To And Other Things!" The host of the talent show competition said on the microphone.

"Oh, No, they will be sending out letters to our parents. My father's going to find out I am in the competition with you and make sure we break up."

"Oh no he won't. I know there is something that is in the law book that I used to study as a little kid."

"You used to read the law book."

"Yes, I did. Now just listen to me that was just when I was 2 years old."

"Wow! Maybe you do have a photographic memory."

"I know I do."

"Yeah, I bet you do."

"So the law is that you can get emancipated from your father."

"Wow. You really think that would work?"

"Yes, and I know your father has been abusing you every time you mention your mother."

"Hey how did you know that?"

"I kept on watching your dad abuse you through the window."

"Wow so you spied on me!"

"No I spied on your dad and I am sorry for being a little protective I was just trying to be a good protective boyfriend. You know."

"I know and I am glad you are."

"So how do we get me emancipated?"

"Here's how it goes....."

9

So weeks went by and finally a letter was sent to Flame-Fire's father saying this:

Dear Mr. Volcano,

Due to the violence and abuse you have caused to your daughter, she will no longer be in your hands. She will be emancipated from you and your household and your family. If you would like to see her again just contact the DFS custody and see us directly and well make the arrangements. In the mean time she is living far away where you will never find her. And we have put a restraint against you and your family and household. And if you start abusing your son too. We will take him to a different family too. You better stay as far away from her as possible. Or else. The else means you might go to jail or be executed. You have been warned. Good bye. You do not want to be hearing from me again. Good Bye.

Sincerely DFS Custody,

Ash Cortan Mortan

The next day the letter for the talent show compition came in, but then he got another letter for the mistake, is that it was meant to be sent to the place Flame-Fire was staying at. The first letter went like this

Dear Flame-Fire's father,

Your daughter is involved in the 100th Flapperjackmaster high school talent show competition with her partner Kyle Hood. She is moving on to the state finales which will be held in Sacramento, California. If you want her to join the competition please sign the line below. We would really appreciated it and so would she. Thank you and have a great day.

Sincerely the Host of the National finding the next talent competitions,

Howard Stewart NorthWest

The next letter went like this:

Dear Flame-Fire's father,

I am sorry to inform you that that letter about the compition was a mistake it was sent way too late. And we apologize because we did not know your daughter was emancipated because of your abuse to her, and we want you to know you will be off the board of Flapperjackmaster High School, and you do not need to sign the letter that we sent you because it was sent to the wrong house. We have sent a new letter to where Flame-Fire lives now. Will you please throw away the letter that we gave and sent to you? I hope you have a great day. Good bye.

Sincerely the Host of Board of Directors for the
Flapperjackmaster High School,

Mr.Uunicornryew Steven Govenhimer

10

After all those letters Mr. Volcano was getting tired of reading. He was getting really pissed. You did not want to be around him. When Nathan was coming down to ask his father a question, he got in his father's way and got thrown up against the wall just like his sister usually did. Mr. Volcano had just found out that his daughter was dating the gothic guy he never wanted her to date.

In the meantime Flame-Fire was making out with Kyle in his bed room at his house. Which Kyle's parents were letting her live in since she was emancipated. They were letting her stay in Kyle's room since. They were both 17 and almost 18 years of age.

"I love you so much babe."

"I know you do baby."

As soon as she said that Kyle was starting to take off her clothes. But Flame-Fire caught him.

"What are you doing?"

"Taking off your cloths."

"Knotty, knotty. And can you please don't do that I am not ready for this."

"What? Why?"

"Because I want to wait till marriage to have it, ok."

"Ok."

Then the next day at a Tiffany store Kyle bought the biggest diamond ring you could think of and was planning on proposing to Flame-Fire for weeks now that is why he wanted to do it with her yesterday, but she wouldn't do it with him. But then he also remembered that he had to ask Flame-Fire's father for permission to marry her. Which he knew was going to not end good. He decided to ask him in a song. The song went like this:

"Saturday morning, jumped out of bed

And put on my best suit

Got in my car and raced like a jet

All the way to you

Knocked on your door with heart in my hand

To ask you a question

'Cause I know that you're an rich man

Yeah, yeah

Can I have your daughter for the rest of my life?

Say yes, say yes

'Cause I need to know

You say I'll "never get your blessings till the day I die"

"Tough luck, my friend, but the answer is no!"

"Why you gotta be so rude?"

Don't you know I'm human too?

Why you gotta be so rude?

I'm gonna marry her anyway

Marry that girl

Marry her anyway

Marry that girl

Yeah, no matter what you say

Marry that girl

And we'll be a family

Why you gotta be so rude?

I hate to do this, you leave no choice

I can't live without her

Love me or hate me we will be boys

Standing at that altar

Or we will run away

To another galaxy you know

You know she's in love with me

She will go anywhere I go

Can I have your daughter for the rest of my life?

Say yes, say yes

'Cause I need to know

You say I'll "never get your blessings till the day I die"

"Tough luck my friend 'cause the answer's still no!"

"Why you gotta be so rude?"

Don't you know I'm human too?

Why you gotta be so rude?

I'm gonna marry her anyway

Marry that girl

Marry her anyway

Marry that girl

No matter what you say

Marry that girl

And we'll be a family

Why you gotta be so rude?

Can I have your daughter for the rest of my life?

Say yes, say yes

'Cause I need to know

You say I'll "never get your blessings till the day I die"

"Tough luck my friend but no still means no!"

"Why you gotta be so rude?"

Don't you know I'm human too?

Why you gotta be so rude?

I'm gonna marry her anyway

Marry that girl

Marry her anyway

Marry that girl

No matter what you say

Marry that girl

And we'll be a family

Why you gotta be so rude?

Why you gotta be so rude?

Why you gotta be so rude?"

11

So Kyle decided to just marry Flame-Fire anyway without her father's permission. Especially since she is emancipated, but obviously Kyle forgot that she was emancipated.

"You know what I will just have to ask her to marry me at our next date which will be in Sacramento, California. And it will be at the Sacramento River. At night under the night lights, then when the time is right I will propose."

The weeks went by; Flame-Fire and Kyle were on the plane to Sacramento, California. It was a very large plane much more bigger than the small town planes. It had 40 Rows on each floor. It had two floors. And it had TVs on the backs of every seats and a give TV in the front. Plus there was also Wi-Fi on the plane. And there was music on the plane; that you could plug your headphones into to listen to.

"I bet you can't wait to be in Sacramento and see all the rivers and the golden gate bridge."

"You know the Golden Gate Bridge is in San Francisco, California right not Sacramento, California. I hope you know that."

"I know and I also hope you know that the night before the State Competition Dance will be the night of your life."

"Why?"

"Because it is our surprise date remember. And it is our half a year anniversary."

"Oh, yea. I hope you remembered my gift you were supposed to get me."

"Oh, don't worry baby I didn't forget it." Kyle had planned their anniversary date as the proposal date. He was ready to make a commitment with Flame-Fire.

"Oh, I really hope so baby."

Five minutes had passed and they were about to land

in Sacramento, California. The flight attendant said: "We will be landing shortly. Please fasten your seat belts."

Soon the plane had landed and the flight attendant said "We have finally landed you may come out of the plane at each exit. And we will bring you your extra carry-ons and if you need help to next flight come to the customer service and they will help you. I hope you all had a great flight. Have a great day. We all hope you have a safe journey. Good bye. Thank you for flying air California."

"Wow she talked long."

"Actually I think it was a he with a woman voice."

"What! Why do think that?"

"Because the guy that served us on the plane had a girlish voice and had long hair but looked like he had never needed to shave."

"Oh, like you shave."

"Yes I do. And I think that guy was originally a girl who was gay and decided to change genders. Like into a guy. Some times that happens. Even guys do that sometimes."

"Really only if they are gay or lesbian or bi?"

"Nope not just that even if they don't feel good about themselves or their body."

"Wow, I know I will never do that. Will you?"

"Nope. I will never do such a thing because I am straight and I love myself just the way I am."

"Good. I love my self just the way I am too."

12

Then weeks went by in Sacramento, California. It was the day before the California State Competition Dance. And it was also the night of Kyle's and Flame-Fire's anniversary date or for Kyle the proposal date. Where he was going to propose to Flame-Fire and see if she will say yes to marrying him.

"Where are you taking me?" Flame fire was in this red and blue low cut one strap dress. With 8 inch high heels. The dress had blue flames and yellow flames. She had her eyes covered with Kyle's hands.

"You will see in a minute we are almost there."

Then in Five weeks they were at the Sacramento River. Kyle let go of covering Flame-Fire's eyes. Flame-Fire was shocked at what she saw. She had never seen a river that beautiful. In fact she never she seen a river. All she has seen are ponds and lakes. Flapperjackmaster, California was not on any rivers it was only near lakes and ponds. Kyle knew this would be the perfect place to purpose and

for her to say yes because Flame-Fire told him she had only seen lakes and ponds, no rivers. So he knew that she would be surprised. Especially if it was at night.

"WOW! This is amazing! I love it. I.... I... How did you know that I would love to see a river as my gift?"

"I just did." Then all of a sudden Kyle gets down on one knee, after that he says: "Will you marry me?" Then he starts singing:

"All my life has been a series of doors in my face

And then suddenly I bump into you

I've been searching my whole life to find my own place

But with you

I found my place

And it's nothing like I've ever known before

Love is an open door

Love is an open door

With you

With you

Love is an open door

I mean it's crazy

We finish each other's Sandwiches!

I've never met someone

Who thinks so much like me

Our mental synchronization

Can have but one explanation

You and I were just

Meant to be

Say goodbye

To the pain of the past

We don't have to feel it any more

Love is an open door

Love is an open door

Life can be so much more

With you

With you

Love is an open door,

Then he starts saying, "I love you Flame-Fire. Will you be my loving wife? We can get married after graduation.

Which is at the end of this year?"

"Yes! I... I.... I will marry you Kyle Hood. I will be your loving wife. I will marry you at the end of the year. When we are 18 years old," she had answered his proposal.

Then they started kissing at the park, where all the animals and people were looking at them.

"I am glad you are going to be my wife. Now let's go back to the hotel."

"Ok. Honey."

13

The next day was the dance and Kyle was wearing the classic black and white tux. While Flame-Fire was wearing a Cinderella sleeveless dress with blue, red and orange flames on it she danced through the night with Kyle. She was also wearing a diamond tiara and 10 inch high heels. Which was specially made for her.

"You look beautiful tonight."

"Thanks. You look handsome tonight."

"Well thank you my lady. Would you like to dance?"

"Yes I would thank you young gentlemen."

Then Kyle and Flame-Fire were dancing through the night like they were a prince and a princess.

But then Kyle said "I shall go get us some punch."

And when that happened a boy from Florida who was

partnered with his sister and was drunk came up to Flame-Fire and said "Well why are you all alone. Little lady would you like to dance. Or maybe smooch on the lips. Or maybe you would like to come to my hotel room and have it with me. Hmm."

"Get away from me. I have a fiancé. I would never cheat on him and have it before marriage. Get the hell away from you drunken ass. HELP!" As soon as this was said Kyle dropped the punch and ran as fast as he could to rescue his little damsel in distress or fiancé.

"What the hell is going on here? Are you ok Flame-Fire?"

"No this guy just tried to take me to his hotel to have sex with him and he also wanted to smooch me. He is also drunk."

Then the guy introduced himself as Eric from Sacramento, California. But by then Kyle had just punched him in the head causing Eric to bleed all over the place. Then Eric said "it's not over yet pal I shall have

that girl and the trophy. You'll see. Mu hahahaha!!!!!"

"Oh it is over, all right. Come on Flame-Fire let's leave this hell hole. And go back to our hotel." Kyle was not happy with that guy at all. Not at all!

14

Kyle had missed his mother so he wrote her and his family some letters. The first one went like this:

Dear ma,

I miss you how are you doing? Flame-Fire and I are finally engaged. Can't you believe it! I proposed to her at the Sacramento River. It was so romantic. She looked so pretty. She was wearing this red dress with blue flames on it and these six inch high heels. I can't even believe to tell you how good she can walk in those damn things man. At the dance for the Talent show competition she wore a Cinderella sleeveless dress with blue, red and orange flames on it she danced through the night with Kyle. She was also wearing a diamond tiara and 10 inch high heels. Which was specially made for her. I on the other hand wore a tux and looked like a dashing young prince with my crown. Everybody was supposed to match their partner they are working with. Oh speaking of partners, Flame-Fire got hitted on by this drunk ass who was trying to kiss her and do it with her. So I punched him in the

nose. That better teach him a lesson to leave girls alone and not to mess with ones with boyfriends or fiancés or husbands. Speaking of husbands I will be planning on marrying Flame-Fire at the end of the school year which will also be the end of the competition. Let's hope we win. Love you all. See you all at the finals in Washington DC. I hope you all come. Bye have a great life."

Sincerely,

Kyle Hood

Then he sent one to his twin sister, then his younger brother, his twin sister, then his baby brother and his twin sister, and then his father. The one that went to his twin sister went like this:

Dear Alina,

I miss you how are you doing? Flame-Fire and I are finally engaged. Can't you believe it! I proposed to her at

the Sacramento River. It was so romantic. She looked so pretty. She was wearing this red dress with blue flames on it and these six inch high heels. See you all at the finals in Washington DC. I hope you all come. Bye have a great life."

Sincerely,

Kyle Hood

The one that went to younger brother went like this:

Dear Horan,

I miss you how are you doing? Flame-Fire and I are finally engaged. Can't you believe it! I proposed to her at the Sacramento River. It was so romantic. She looked so pretty. She was wearing this red dress with blue flames on it and these six inch high heels. I can't even believe to tell you how good she can walk in those damn things man. At the dance for the Talent show competition she wore a Cinderella sleeveless dress with blue, red and orange flames on it she danced through the night with Kyle. She was also wearing a diamond tiara and 10 inch high heels. This was specially made for her. I on the other hand wore a tux and looked like a dashing young prince with my crown. Everybody was supposed to match their partner they are working with. Oh speaking of partners, Flame-Fire got hitted on by this drunken ass who was

trying to kiss her and do it with her. So I punched him in the nose. That better teach him a lesson to leave girls alone and not to mess with ones with boyfriends or fiancés or husbands. Speaking of husbands I will be planning on marrying Flame-Fire at the end of the school year which will also be the end of the competition. Let's hope we win. Love you all. See you all at the finals in Washington DC. I hope you all come. Bye have a great life."

Sincerely,

Kyle Hood

The next one went to Kyle's little sister who was his little brother's twin went like this:

Dear Kora,

I miss you how are you doing? Flame-Fire and I are finally engaged. Can't you believe it! I proposed to her at the Sacramento River. It was so romantic. She looked so pretty. She was wearing this red dress with blue flames on

it and these six inch high heels. I can't even believe to tell you how good she can walk in those damn things man. At the dance for the Talent show competition she wore a Cinderella sleeveless dress with blue, red and orange flames on it she danced through the night with Kyle. Sincerely,

Kyle Hood

The next one went to Kyle's baby brother, it went like this:

Dear Mason,

I miss you how are you doing? Flame-Fire and I are finally engaged. Can't you believe it! I proposed to her at the Sacramento River. It was so romantic. She looked so pretty. She was wearing this red dress with blue flames on it and these six inch high heels. I can't even believe to tell you how good she can walk in those damn things man. Sincerely,

Kyle Hood

Then the second before last was sent to Kyle's Baby sister, this is how it went:

Dear Cali,

I miss you how are you doing? Flame-Fire and I are finally engaged. Can't you believe it! I proposed to her at the Sacramento River. It was so romantic. She looked so pretty. She was wearing this red dress with blue flames on it and these six inch high heels. I can't even believe to tell you how good she can walk in those damn things man. At

See you all at the finals in Washington DC. I hope you all come. Bye has a great life."

Sincerely,

Kyle Hood

Then the last but not least was sent to Kyle's father, it

went like this:

Dear Pa,

I miss you how are you doing? Flame-Fire and I are finally engaged. Can't you believe it! I proposed to her at the Sacramento River. It was so romantic. She looked so pretty. She was wearing this red dress with blue flames on it and these six inch high heels. I can't even believe to tell you how good she can walk in those damn things man. Sincerely,

Kyle Hood

15

Then the family wrote the responses as soon as they got them which are within 2 weeks. The responses looked like these:

Dear Kyle,

My son, I am so glad you are getting married. On the other hand that is the bad news for your father and I. We have been fighting so much that we don't know what else to do. We are getting a divorce. I am so sorry. We didn't want to disappoint you. Some of your siblings will be moving with your father and some will be staying with me. Your father will be staying in a three bed two bath apartment. I will be moving to a three bed two bath apartment. You and your twin sister will be living on your own. We plan on giving you the house and all the stuff in it since you are getting married and starting a family. Will you please tell me when you are getting married and how many kids you will be having? I really want a lot of grand children from you. Especially since you are my eldest. And since your twin sister is a lesbian and your younger

brother and is gay and has a boyfriend, but your younger sister has a boyfriend. And you're younger twin siblings are gay too I can sense it. But also another reason why your father and I are getting a divorce is because I am having another set of twins. And your father does not want any more kids so we fought a lot. And so we are getting a divorce. I so very hope the very best for you and young Flame-Fire's marriage. I can't wait to see her in a dress. I bet she will look beautiful in a dress and a tiara with the veil. I bet she will be the most beautiful bride ever seen. Will you tell me where you two get married? I and when. I would really like to know. I can't wait. Love you got to go back to work bye.

Sincerely,

Your mother

Dear Kyle,

Wow, we have another straight one in the family. I can't believe it. I so wish you were gay like me. But of course you are not. Hmm. If only. Well I and my girlfriend have

been on some dates and having some fun of course we are waiting tells marriage to do it. We will be getting married when we get out of college. I can't believe you are almost famous. That is so unfair. I wish I was. I guess I will be once you will become famous. But that is so damn stupid. I so deeply wish. I can't even believe you are getting married. Even before college. Are you even going to college? Well if you aren't going to college you should. I wish you would. Going to college makes you smarter you know not being famous. It might not help with the music stuff but it will help find a good paying job. And besides you won't have to make songs all the time and go to the stages and other things. I think going to college is much much better just to let you know. Love you older brother thanks for protecting me all these years I really appreciate it. Bye for now.

Sincerely,

Alina Hood

P.S. Did you hear ma and pa are getting a divorce it is sad right.

Dear Kyle,

Wow! You are actually getting married. Where is it? We can't wait to see you. We hope it will be fun. We have all straight A's in school just to let you know. Will there be other kids at the wedding. We never had been to a wedding before. That is because ma and pa don't have any friends. Speaking of ma and pa did you hear that they are getting a divorce? We so wish they didn't now we have to live with stinky pa. And his new girlfriend. Did you also know mom is pregnant again with twins they are due this Christmas. Oh yea one of the reasons ma and pa are getting a divorce is because dad and ma cheated on each other. But then they had done it to make it up. So then they started fighting when ma told pa that she was having twins. Wow! Our family is getting bigger isn't it? I feel bad for mom though because she is going to be living alone without a guy and two babies and baby brother and baby sister Cali, and Mason. Wow! Everything is changing. We can't believe it. Ma also has a new boyfriend did she tell you that. Wow! We am so unhappy right now. We just want things to stay the same. But we

know they won't. We just want to live in the same house. And also we get to see ma. And the kids that live with ma get to see pa. Every weekend they decided. But for you and Alina you guys are old enough to live on your own apparently so you guys will be moved out of the family. And you get to keep the house, wow! We can't believe it. Good bye for now. We love you.

Sincerely the twins,

Kora Hood and Horan Hood

And of course Cali and Mason are too young to write their own letters so they didn't know how to type to Kyle.

The next one was from his father, it went like this.

Dear Kyle,

I am so sorry about the divorce and cheating on your mother. Plus also getting her pregnant again and not wanting to take care of the babies. I just wanted to not have any more kids. So I guess yeah. Well you will soon

be getting a new step mom, too. And she has her own kids that some live with her and some don't. So you will be able to meet them when we come see you in Denver, Colorado for the East/West competitions. Boy I hope you and Flame-Fire win. Then you guys get married and start a family of your own. Then meet the president. Then become famous. The lady I am marrying is name Ashley Corscisly; she has two twin sons and two twin daughters who are gothic then two normal sons and two normal daughters. Oh, I hope you love meeting your new step siblings. I miss you so much but we are planning on getting married in Denver, Colorado the week before your competition. The second set of daughters and sons has red hair and are the youngest. But the first sets are all blonds. Just to let you know. Also they are all straight. Well I hope you and your fiancé are having fun.

Sincerely you're Father,

Alexander Herald Kyle Blazed Nathan Jack Hood

16

Then Kyle started talking to Flame-Fire and said:

"Wow, I can't believe my family is going through a divorce right now. Both my parents just cheated on each other and then said sorry by getting my mom pregnant with another set of twins. Then my dad says he doesn't want to take care of the kids so he for a divorce. Then my lesbian sis is getting married after collage to her girlfriend. And my dad wants me to meet my step mom in Denver at their wedding and my step-siblings. Some of them are gothic and some of them are normal. But they are all straight. Wow! Everything is changing. I just can't believe it."

"It's going to be ok honey. I know times are tough right now."

"I just wish it was ok and everything was normal."

Then Flame-Fire just tried to touch Kyle's arm and Kyle moved away from her instantly.

"Are you ok?"

"No just leave me alone." Then Kyle thought in his head that: I wish this wasn't happening right now. I wish I was at home right now. It seems there is no hope for my family anymore. It seems like this just happened just suddenly but a few days ago Kyle had a night mare that His parents were going to cheat on each other and then get

his mother pregnant and then his father would call for a divorce just so he wouldn't have to take care of the twins and get married to his new girlfriend. Boy Kyle new this was going to happen eventually.

17

Then to make him feel better she decided to sing him a song by Miranda Cosgrove, called Kissin You. This is how it went:

"Sparks fly

It's like electricity

I might die

When I forget how to breathe

You get closer and there's no where

In this world I rather be

Time stops

Like everything around me

It's frozen

And nothing matters but these

Few moments

When you opened

My mind to things

I've never seen

Cause when I'm kissing you

My senses come alive

Almost like the puzzle

Piece I've been trying to find

Falls right into place

You're all that it takes

My doubts fade away

When I'm kissing you

When I'm kissing you it all starts

Making sense

And all the questions

I've been asking in my head

Like are you the one

Should I really trust

Crystal clear it becomes

When I'm kissing you

Past loves

They never got very far

Walls up,

Made sure I guarded my heart

I know I promised

I wouldn't do this

Till I knew it was very right for me

But no one (no one) no guy

That I met before

Could make me (make me) feel so right

And secure

And have you noticed I lose my focus

And the world around me disappears

Chorus:

Cause when I'm kissing you

My senses come alive

Almost like the puzzle

Pieces I've been trying to find

Falls right into place

You're all that it takes

My doubts fade away

When I'm kissing you

When I'm kissing you it all starts

Making sense

And all the questions

I've been asking in my head

Like are you the one

Should I really trust

Crystal clear it becomes

When I'm kissing you

I've never felt nothing like this

It making me open up

Even trying to fight this

It kinda feels like it's love

Chorus:

Cause when I'm kissing you

My senses come alive

Almost like the puzzle

Pieces I've been trying to find

Falls right into place

You're all that it takes

My doubts fade away

When I'm kissing you

When I'm kissing you it all starts

Making sense

And all the questions

I've been asking in my head

Like are you the one

Should I really trust

Crystal clear it becomes

When I'm kissing you"

Then she said:

"That is how I feel when I am kissing you Kyle."

"Wow! Really I didn't know that. That makes me feel a whole lot better. Thanks."

"You're welcome baby."And

18

The competition was the next day and neither of them had didn't practiced at all except that once when they were at home and were tired of practicing. So they just decided to practice their next song for the next competition in the town they are in. The song practicing went like this:

"Love that once hung on the wall

Used to mean something, but now it means nothing

The echoes are gone in the hall

But I still remember the pain of December

Oh, there isn't one thing left you could say

I'm sorry it's too late"

They both sang this:

"I'm breaking free from these memories

Got to let it go, just let it go

I've said goodbye

Set it all on fire

Got to let it go, just let it go"

"You came back to find I was gone

And that place is empty

Like the hole that was left in me

Like we were nothing at all

It's not what you meant to me

Thought we were meant to be

Oh, there isn't one thing left you could say"

Avril Lavigne & Chad Kroeger:

"I'm sorry it's too late"

"I'm breaking free from these memories

Got to let it go, just let it go

I've said goodbye

Set it all on fire

Got to let it go, just let it go

I let it go"

"(And now I know)"

"A brand new life"

"(Is down this road)"

"And when it's right"

"(You always know)"

"So this time"

"(I won't let go)"

"There's only one thing left here to say

Love's never too late

I've broken free from those memories

I've let it go, I've let it go

And two goodbyes

Led to this new life

Don't let me go, don't let me go

Oh

Oh

Oh

Don't let me go

Don't let me go

Don't let me go

Don't let me go

Won't let you go, don't let me go"

Then there was a second set of practicing. It went like this:

"Love that once hung on the wall

Used to mean something, but now it means nothing

The echoes are gone in the hall

But I still remember the pain of December

Oh, there isn't one thing left you could say

Oh

Oh

Oh

Don't let me go

Don't let me go

Don't let me go

Don't let me go

Won't let you go, don't let me go"

Then there was a third. It went like this:

"Love that once hung on the wall

Used to mean something, but now it means nothing

The echoes are gone in the hall

But I still remember the pain of December

Oh

Oh

Oh

Don't let me go

Don't let me go

Don't let me go

Don't let me go

Won't let you go, don't let me go"

So now they were ready for the second talent show
compition to go on and to begin tomarrow.

19

The competition was today and everybody was excited. Everybody watched on their flat screen televisions and their mobile devices. But the two that were most excited of all were Flame-Fire and Kyle. Kyle and Flame-Fire were dressed up for the competition in their look alike outfits. Flame-Fire looked like Avril with her dress and makeup. Kyle looked like Chad Kroeger with his wig facial hair and Tux.

Flame-Fire got up as happy as she can be and said, "The second annual Talent show competition is today, yay!"

Then Kyle said, "Yay it is the day today to beat everyone in the talent show competition, yay!"

Then they drove over to the talent show competition auditorium. They saw a lot of cars. And a lot of rich people cars. Then they found a Parking Spot right next to the entrance, it wasn't even a handicapped parking place. After parking they ran into the auditorium got their names read. And saw everyone who was entered in there

casual outfits. Some was just in punk outfits and others gothic outfits. Everybody was different in their outfit picking.

Then the announcer called for Flame-Fire and Kyle Hood singing Let Me Go By Avril Lavigne and Her Husband Chad Kroeger.

"Ready honey?"

"Yes I am baby."

Then they came out. The announcer said, "Wow! Look at these two. Don't you look different from everybody else. You are just dressed up like the couple is in the music video. Wow! Let's hope these two different dresser uppers will win, eh. Well you may play the song now! Now!"

So the music started playing and those two started singing like this:

"Love that once hung on the wall

Used to mean something, but now it means nothing

The echoes are gone in the hall

But I still remember the pain of December

Oh, there isn't one thing left you could say

I'm sorry it's too late"

They both sang this:

"I'm breaking free from these memories

Got to let it go, just let it go

"(And now I know)"

"A brand new life"

"(I won't let go)"

"There's only one thing left here to say

Led to this new life

Don't let me go, don't let me go

Oh

Oh

Oh

Don't let me go

Don't let me go

Don't let me go

Don't let me go

Won't let you go, don't let me go"

Then the announcer said; "Well wasn't that awesome! That had Rocked! Why don't we let the judges get to pick the top three finalist of the state and have you two go backstage, shall we." Then the two left the stage. The judges had finally picked the three finalists. Then they gave the pieces of paper to the announcer.

"Wow look at these lucky three, third is Ashton and Kitten Union, second is Eric and Union Vali, first is.... Wow! Flame-Fire and Kyle Hood. Wow such a great group these

are the ones that will be going to Denver Colorado for the East/West talent show competition. Then the Nationals then they will decide the winner, the one who will decide will go to Hollywood to become famous. Well, have a great day and hope you loved our annual talent show competition."

"Yay we won, first place!"

"I know Honey I can't believe it either."

20

"So what are we going to for the nationals we should pick a song quick."

"I know how about a song about love."

"Yea. Let's start writing."

Then they started writing. But they were all wrong.

"You know what this is hard."

"I know right."

"I know how about we write and sing a song about how we met and our relationship. Ok."

"Ok. You know what that is a good idea."

So they started writing about their relationship and how they met.

"Let's call it "Forever". Since we will be together

forever."

"Ok. Let's Shall."

Then they started writing the song and the title. The song was over and finished. It went like this:

"We were young,"

"We started out as friends,"

"Then you kissed me,"

"I couldn't help myself,"

"We were singing our favorite song,"

"Then you asked me out,"

"We fell in love,"

"Now were together,"

"Forever,"

"Forever,"

"Forever,"

"Then we joined the talent show,"

"Because we wanted,"

"To have some fun,"

"Forever,"

"Forever,"

"Forever,"

"I was in love with you,

At first sight,"

"I can't believe you looked so beautiful"

"I couldn't believe my eyes at how you,

Were gothic when you seemed so normal,"

"Forever,"

"Forever,"

"Forever,"

"Then you proposed to me in,

Sacramento, Cali,

The day before the dance,"

"You said yes right by the river,"

"Then we knew we were going,

To be together,

Forever,"

"Forever,"

"Forever,"

"Forever,"

"Then we kept singing songs,

About each other,"

"You will one day be my wife,"

"You will one day be my husband,"

"We will one day start a family,"

"With lots of kids,"

"Yes, Lots of kids,"

"I love you,"

"I love you too,"

"Forever,"

"Forever,"

"Forever,"

"I know you will protect our,"

Family and me,"

"I will always protect you and our future family."

"Oh

Oh

Oh

Oh

Oh"

"Forever"

"Forever"

"Forever"

"Forever"

"Forever"

"Forever"

"Forever"

21

So once they had finished writing their song for the final talent show competition they had decided to buy the first class ticket to Denver, Colorado.

Then the next day they got to the airport and got on the plane and headed off to Denver, Colorado, for their next competition.

"I bet you can't wait for the semi-finals in Washington D.C. eh, Flame-Fire?"

"Yeah I can't wait to sing our song and stuff."

"We have to repeat the song again in Hollywood, California to see if we become famous."

"I know right."

"Well let's just relax and sit back and enjoy the Flight. Ok Flame-Fire."

"Ok, Kyle."

Then Four hours later they got off the plane grabbed their bags and checked into a hotel room. The hotel was called The Four Seasons Hotel. They got in there for free because they were in the talent show competition.

"Wow isn't this place big."

"I know right. And I got us a king size bed too."

"Ok... Why did you get the king size bed?"

"Because I called up my dad and he said since we are planning on getting married we can have a wedding with my step-mother and him here. They already picked out a sparkly Cinderella dress and tiara and veil and we will get married before them on the day before. So we won't share the day. What do you think about that, and then you know we can try for a baby."

"Really! I would love that! Thank you baby! But are you sure that we will get me pregnant the night of our

marriage?"

"Yes I am sure."

"What is the day?"

"February 14."

"Wow! Really, on Valentine's Day."

"That was going to be their day. But they decided to switch it."

"Cool! Tell them thanks."

"I will!"

22

So when Flame-Fire heard that she was going to get married on Valentine's Day, she decided to send out invitations to everyone in her family and every single one of her friends. So did Kyle.

"Why do you want to invite your father?"

"Because I need someone to give me away duh."

"Oh yea how stupid of me. Well just be careful ok babe."

23

So the day came when Flame-Fire and Kyle Hood were getting married. Flame-Fire wore her beautiful dress, tiara and veil and high heels. Kyle wore his black and white tux and black shoes. He also wore a black tie.

Once they were ready they called Kyle to stand at the end of the isle, and then once they were ready they got the flower girl and the ring bearer out and called all the bridesmaids and the future husband's friends to line up. And then finally the bride came out all in her white gown and her tiara and veil and high heels. Then as she walked down the isle, Kyle thought Flame-Fire was so beautiful that he couldn't wait to get married to her and start a family with her. He was so ready to start a new life with her.

"Now young man, are you ready to take this young woman as your wife?"

"I do."

"Now young lady, are you ready to take this young man as your lawfully wedded husband?"

"I do."

"Now you may kiss the bride."

And so Kyle kissed Flame-Fire passionately and Flame-Fire kissed him back passionately. And so they were married.

Then the getting married part was over.

Then they got into the car drove to the hotel and checked in.

24

"Well now that we are checked in what will we do?"

"Do you want to...?"

"Yes. I think we should do it. You know now that we're married."

"You sure baby?"

"Yes. I am sure. I want to make a child and become a father."

"I want to become a mother too. But I am not so sure I am ready to become a mother just yet."

"Ok. You are sure you want to do this then."

"Yes, baby."

"Ok then. Let's do this."

After words Kyle took off Flame-Fire's shirt, pants and underwear. Then Flame-Fire took off Kyle's cloths. They were both naked. They did not ever know what this would be like to look at their mates bodies like this. Then Kyle started putting his pinus into Flame-Fire's vagina and Flame-Fire felt Kyle's sperm go into her body. She knew she was going to get pregnant. Besides it was two weeks before her period. So of course she was going to have the baby.

A few minutes later they put their cloths back on and smiled at each other. They both knew that after what just happened they were both going to become parents.

So a month went by and Flame-Fire has been throwing up for quite some time now. She has missed her cycle. So she decided to go to Walgreens and pick up a pregency test. It turned out to be positive. She made several doctors' appointments for her to check on the baby and for other things.

She decided to tell Kyle after dinner when they would be watching TV in the hotel room.

So after dinner she and Kyle watched their favorite show which was True Blood, of course about vampires. But to help her tell what was going on inside her belly she changed the channel to Nick Jr.

"Hey why did you change the channel? Is something wrong honey?"

"Just feel my belly, Kyle."

"Why do you want me to feel your belly?"

"Just feel it ok."

"Ok." Then Kyle started rubbing her belly. "Ok there I did it now will you please tell me why you wanted me to do that."

"I wanted you to do that because I wanted to know if you felt anything."

"No I did not why you are wondering."

"Because soon you will."

"What do you mean?"

"Well what I mean is that I am pregnant."

"You Are What!!!"

"Yep, I am pregnant."

"So that means I am going to be a father and you're going to be a mother."

"Yep."

"So we better get some doctor's appointments ready for when the baby comes." Kyle Hood said to his new wife Flame-Fire.

"What about the compition?" Flame-Fire had asked her new husband.

"Well we might just have to might not be in it because of your pregnancy, Flame-Fire." Kyle Hood had told his new wife the disappointing news.

"I don't want to quit the competition just because of my pregnancy. I still want to be a part of it. I just would like to still sing in it." Flame-Fire told her husband that she still wanted to be in the competition and that she would still like to sing in it. "At least we can try to be in it and try to complete the competition."

I forgot that today was going to be another exciting day. It was going to be the Semi-Finals. Flame-Fire and I decided to stay in Washington D.C. for a while before it started. We saw a lot of monuments and museums there. We took pictures of all of them. Flame-Fire is nine months pregnant, or so we think and we don't know when the baby is due. We decided on not finding out the gender or the number of how many we may be having. All we hope for is that Flame-Fire does not go into labor while we are performing tonight. Today is April 15, 2016. It is a Saturday. Let's hope everything goes as planned. Well we are about to go on so I gotta go see you.

"You ready Flame-Fire? We have to go on today. It is the day we will see if we will go to Hollywood. You ready for this?" Kyle Hood asked his pregnant wife.

"Yes I am ready, Kyle. I just feel like I am in so much pain, but I am ok. I think it is just cramps." Flame-Fire was in terrible pain from the pregnancy but she wasn't so sure.

"Cramps, that's not good. Well we gotta do this. You sure you are ready?" Kyle was getting very worried the baby was coming.

"Yes, I am. Sheesh! Why do you have to be so concerned?" Flame-Fire was annoyed because she was in so much pain.

"Ok." Kyle said worried.

"Ladies and Gentleman Mr. and Mrs. Kyle Hood." The announcer announced their name.

Kyle Hood:

I wanted you to know I love the way you laugh

I wanna hold you high and steal your pain away

I keep your photograph and I know it serves me well

I wanna hold you high and steal your pain

Kyle Hood and Flame-Fire both sing this:

'Cause I'm broken when I'm lonesome

And I don't feel right when you're gone away

Kyle Hood:

You've gone away

You don't feel me here anymore

Flame-Fire:

The worst is over now and we can breathe again

I wanna hold you high and you steal my pain away

There's so much left to learn, and no one left to fight

I wanna hold you high and steal your pain

Kyle Hood and Flame-Fire both sing this:

'Cause I'm broken when I'm open

And I don't feel like I am strong enough

'Cause I'm broken when I'm lonesome

And I don't feel right when you're gone away

'Cause I'm broken when I'm lonesome

And I don't feel right when you're gone

Kyle Hood:

You've gone away

You don't feel me here anymore

Then Kyle and Flame-Fire both go backstage and wait for the announcer to name the winners.

"Ok.. I just got the tickets with the three winners of the

semi-finals of the USA Nationals. These people will be moving on to sing around the world, and they are for third place: Lise Paquet and her partner Thomas Roy, second place is Sotirios Beauchene and his partner Solange Lévesque, and first place is Kyle and Flame-Fire Hood. I hope you have a wonderful day you three winners."

"Wait a second honey I thought we would go to hollywood after this?" Flame-Fire Hood said to her husband who was also confused.

"Hold on this is also confusing me too, I am going to go check this out."

"Um... Miss. Uh... My wife and I thought we would get to go to Hollywood after these semi-finals. Not go around the world to go against other people in other countries. We are really confused. "

"Didn't you read the flyer very carefully? Well I guess you didn't if you are so confused about it." She was telling

him what was going on. "Don't worry the competition will pay for everything for you and wife's families. Even for your little one that will be born. We are a guaranteed good competition. Oh... I would go check on your wife she looks like she could be in labor, but before you go here is a piece of paper tell everyone about me and you will get to go on the plane and into hotels for free thanks to me and the competition. Now hurry. Get her to a doctor." Kyle found that he was holding a paper with a name and contact info of the lady he was talking to, but once he looked at Flame-Fire he saw she was in pain. Really bad pain.

"SOMEONE CALL 911! ANYONE PLEASE! MY WIFE IS IN LABOR!" Kyle yelled to the top of his lungs. That he needed someone anyone to help call 911 because his wife was having their child.

"I WILL SIR! 911 THERE IS A LADY IN LABOR AT THE AMERICAS NEXT TALLENT COMPITION IN THE HAMPTON INN AND THE WOMAN'S NAME IS; WHAT IS YOUR NAME DEARY?"

"MY NAME IS FLAME-FIRE HOOD, AHH!"

"HER NAME IS FLAME-FIRE HOOD, SHE SPELLS IT: FIRST NAME: F-L-A-M-E – F-I-R-E LAST NAME: H-O-O-D!"

"OK... Tell the family of the women that help is on the way!" The lady that answered for the 911 call told her.

"The person on the phone told me that help is on its way. It should be here in five minutes."

"OH, GREAT!!!" Flame-Fire said with some screams because of all the pain she was having because of her going through the labor.

"Wait I see them babe, help is here. Don't worry they will get you to the hospital soon."

"Ok." Flame-Fire said with a smile as she looked up at her husband. Kyle then kissed Flame-Fire on the head.

"Sir are you that young pregnant woman's husband?"
The police officer asked Kyle.

"Yes, I am." Kyle answered the police officer.

"Would you like to ride with you wife in the ambulance?"

"Yes I would, I would like to be as close to her as possible."

"Ok. We haved found him."

Few hours later after Flame-Fire went into labor it was 3:00 a.m. and the date was April 16, 2016. She gave birth to twins a boy who we named after me and a girl we named April Rose Hood. We were both happy parents, but the one problem we had was the compition and traveling the world with our newborn twins.
